

- Bus sign up is complete and we cannot add anyone to the routes. Parents can access the routes by going to RCBOE.org – Staff & Departments – Transportation and then clicking on Food Delivery Routes on the left side column. <https://www.rcboe.org/Page/61693>
- Issues with bus route meal service should be directed to the transportation department 706-796-4777.
- Buses pick up meals from the sites at 10:00 am. The first stops are at approximately 11:00 am.
- Meal pick up at the schools is on Fridays only from 9:00 – 1:00. We increased the time because many parents are coming for pickup on their lunch breaks.
- Parents should come to the back kitchen door to pick up meals so that we do not have a lot of traffic in the schools. You will receive 5 breakfasts and 5 lunches for the next school week.
- Parents who have not signed up but would like to can contact the cafeteria manager at whatever school you would like to pick up from to be added to the pickup list. You do not have to pick up from your child's enrolled school. They may also call our office to be added to the list at 706-826-1122.
- Children do not have to be students to receive a meal. Meals can be provided for all children in the household.
- If F2F students have small siblings at home, those parents can sign up to pick up meals for those children on Fridays as well.
- Any issues with quality of meals or parental concerns about meals should be directed to Cathy Johnson, Director of Nutrition Services at 706-826-1122.
